

Unlock the
full potential
of your Belimo
devices.

Belimo Assistant 2

Belimo Assistant 2 is the app companion for you that offers an all-in-one tool for managing the entire lifecycle of Belimo products. Designed with efficiency and ease of use in mind, this tool ensures you have everything you need at your fingertips.

Belimo Assistant 2 enables wired and wireless setup, on-site operation, and troubleshooting of Belimo damper actuators, control valves, sensors, and meters with smartphones, tablets, and PCs.

Windows Version

Please get in touch with your local Belimo contact person should you have any questions.

Unified app, seamless user experience.

Quick access to device data

Belimo Assistant 2 enables fast and convenient access to device data for setup, on-site operation, and troubleshooting. With the latest generation of Belimo devices featuring near-field communication (NFC), field devices can be accessed through a smartphone without additional tools, even if they are not connected to a power source – straight out of the box.

Simplified setup

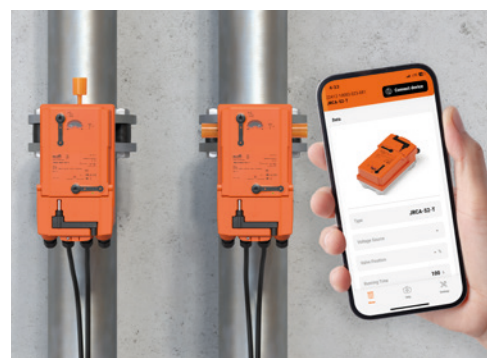

Streamline your startup process with added workflows. Leverage the guided “Setup” workflow to ensure a smooth configuration process. Save time and minimise repetitive tasks with “Copy/Paste Configuration” to replicate settings for the same device types.

Reduced diagnosis time and errors

Maintenance is made easier with additional data transparency and diagnostics functions. Monitor operation KPIs and receive troubleshooting suggestions with “Health”, export a device configuration in just one click with “Export Configuration”, and perform local override or gather live readings with “Live Trend”.

Paperless documentation

Experience fast and convenient access to digital reports of your Belimo device throughout its lifetime without the hassle of searching for paper documents.

on our website.**

All inclusive.

Belimo is the global market leader in the development, production, and sales of field devices for the energy-efficient control of heating, ventilation and air-conditioning systems. The focus of our core business is on damper actuators, control valves, sensors and meters.

Always focusing on customer value, we deliver more than only products. We offer you the complete product range for the regulation and control of HVAC systems from a single source. At the same time, we rely on tested Swiss quality with a five-year warranty. Our worldwide representatives in over 80 countries guarantee short delivery times and comprehensive support through the entire product life. Belimo does indeed include everything.

The "small" Belimo devices have a big impact on comfort, energy efficiency, safety, installation and maintenance.

In short: Small devices, big impact.

5-year warranty

On site around the globe
